### Summary of reasons for decision:

The image file is a sexualised photo of a teenage girl. The image exploits the nudity of a young person to such a high degree that its availability is likely to be injurious to the public good. An objectionable classification interferes with the right to freedom of expression as set out in the New Zealand Bill of Rights Act 1990. However, this is a reasonable limitation on that right given the high risk of injury to the public good from the availability of this image.
